Internship Title: Biomedical Equipment Internship  
Position type: Summer/Academic Year, Part time– 10-20 hours/ wk  
Location: Buena Park, California  
Pay: Unpaid

The Bio-Medical intern will work with our Bio-Medical Engineer in refurbishing donated medical equipment for distribution in developing countries. The ideal candidate will have an aptitude for analyzing problems, skill in innovative repair techniques, basic knowledge of electronics and mechanical theory, and an electronic engineering certificate. Job duties will include inspecting all in-coming equipment, inventory of equipment, repair of equipment under supervision of Director, inventory of spare parts, packaging of equipment. This is a great opportunity for students seeking to obtain hands-on experience in medical repair.

**Supervision:**

Works under the general supervision of the International Project Director.

**Skills:**

Works well under pressure  
Problem Solver  
Ability to work in a cross-cultural environment  
1 year hands-on experience trouble-shooting and repairing biomedical equipment preferred but not required  
Familiarity with general Medical Technologies and Patient Related Electrical Safety

**Education:**

Two year AA/AS Electronics degree or Biomedical Technician Certificate;  
**Or** in college working toward a degree in Engineering.

It is preferred if candidate has experience maintaining a variety of medical technologies (Patient Monitoring, Dialysis, Respiratory Ventilators, Lasers and PC based medical equipment), network and connectivity technology.

Giving Children Hope is a humanitarian aid organization which focuses on health care issues, relief, refugee assistance and projects serving needy children and the poor.
